NOTICE OF COMPLIANCE TIER 2 DESIGNATION AND REQUIRED PERIMETER CHECKS

RE: Good Neighbor Policy Compliance - Tier 2 Status

Dear Executive Director:

The San Francisco Department of Public Health (SF DPH) values Health Services Inc.'s partnership in delivering care to San Francisco residents. As part of the Good Neighbor Policy, we ask all funded providers to be responsive to the neighborhoods where they operate. This letter notifies you that, following a review of community feedback and site conditions, **Health Services Inc. has been placed on Compliance Tier 2.**

What Tier 2 Means

Tier 2 indicates that concerns about conditions in the area surrounding your site have been identified and that increased, documented attention is needed to address them. It is a corrective step intended to help your program resolve concerns early, and it does not by itself constitute a finding of contract default.

Required Actions

Effective **October 1, 2026**, and continuing **until further notice** from SF DPH, Health Services Inc. must:

1. Complete **three (3) perimeter checks per day** on each operating day, spaced reasonably across service hours (for example: opening, midday, and close).
2. During each check, walk the full perimeter of the site and adjacent frontage, including sidewalks, entrances, and immediate surrounding blocks, and address or report conditions as appropriate (e.g., litter, safety hazards, blocked access, loitering that affects public right-of-way).
3. Document every check in a log recording the date, time, staff name, observations, and actions taken. Logs must be retained on site and made available to SF DPH upon request.
4. Designate a Good Neighbor point of contact and provide the name and phone number to SF DPH by **October 1, 2026**.

Monitoring and Next Steps

SF DPH staff may review perimeter check logs and conduct site visits to verify compliance. Your Contract Manager will be in touch to answer questions and to offer technical assistance. Tier status will be reviewed periodically, and you will be notified in writing when Tier 2 requirements are lifted or if a change in tier is warranted.

If you have questions about this notice, please contact your assigned Contract Manager or the Good Neighbor Policy Program at [email / phone]. We appreciate your prompt attention and your continued commitment to being a good neighbor.

Sincerely,

[Name]
